The loss of a child is truly one of life's most painful events. There are no words of comfort that anyone can offer that will completely fill the void left by such a loss.

Sadly, for many families, this experience is not only devastating emotionally, but financially as well. Few families are adequately insured to cover all the medical bills, not to mention the funeral expenses.

Since 1980, Floral Haven Memorial Gardens has tried to help these families by maintaining the policy of providing a burial space and interment services at no charge to those families who lost a child under the age of one year old. The letters of appreciation received from many of the more than one thousand families served have deeply touched the hearts of the Floral Haven's Staff and associates.

When Floral Haven Funeral Home opened and we were able to provide complete arrangements at one location, our Board of Directors expanded this special service. We now provided funeral arrangements, graveside services, a burial site and interment services at no cost to the family for any child up to and including 12 years of age **as long as the address of the parents is within a 30 mile radius of Floral Haven.**

The state of Oklahoma does require all Perpetual Care Cemeteries to collect a Perpetual Care fee that is equal to 10% of the cost of the burial space.

This is a special service and Floral Haven's way of giving something back to our community. It is our way of helping out at a very difficult time. While we realize that we cannot eliminate the emotional burden of such a terrible loss, we hope that we can reduce the financial one.
