So very sorry to read of the passing of your dad. Your Mom and Dad were such a important part of my parents lives in their younger days. So many memories. Your parents are the ones that introduced my mom and dad on a blind date bowling. When I was younger, it was always so cool coming to your home to visit. Seems like back then it was such a long trip to the country. Crossing over that river bridge to reach that small town of Jenks and then driving over the railroad tracks was so cool. I have always felt like your parents had the best jobs in the world driving the motor homes. That's what I wanted to do when I grew up. I know that your dad will be missed by all of you and you all have your own memories of him. I pray that everyone of you find the peace and comfort you need during this time in your lives as you celebrate your dad's life.
