My heart is broken. I just read about my old friend. Tim and I have known each other respectively for 42 years. We were best friends. Willie and my father (Glen Thornton) worked together at Rockwell. Tim was a warm face with a kind smile. You knew you met a friend. Worked hard, played hard. But was always about his family. You will be dearly missed. My prayers to his family. And my deepest regrets.

I've worked with Tim for the last fourteen years, he was always kind and honest. Helped when he could and was always a friendly face to see. In the last year that we worked together his favorite comment to me was "I'm living the dream". He will be missed by so many and our thoughts and prayers are with the family. So happy to have known him and spent time with him, even if it was all work. He made the days go easier and always had a great way of lighting up the room for all of us.

I worked with Tim for several years. He (a Manufacturing guy) and I (being in Quality), didn't always see eye-to-eye. But, I always knew we could work through anything. He had an amazing ability to find humor in any situation and he had a wonderful way of working with people. He was incredibly knowledgeable, practical and passionate and that's what I loved about him most. His wisdom, experience and presence will be missed! My prayers are with his family.

We just lost one of the good ones. I met Tim 5 years ago in Tulsa while working together at Spirit Aerospace. Tim was an energetic force to be reckoned with, his infectious sense of humor and inviting smile. This made working with him a joy. My prayers go out to his family, and for hopes of peace during this time of loss. I know that Tim is holding court in heaven making sure that all of the heavenly deliveries are on time and on schedule. We will all miss you...
