Virginia Irene Taylor, “Ginger”, beloved wife, mother, grandmother and great-grandmother, born July 15, 1935, passed away October 18, 2017, on what would have been her 65th Wedding Anniversary to Rex Taylor. Afterwards she and Rex became sole proprietors of Taylor Precision Manufacturing, where they built the door and dashboard of the first space shuttle, Columbia 81. They would later advance their company to the B2 fighter and Stealth project; eventually becoming the B2 Stealth industrial base team of the Midwest. Ginger was a kind, generous and loving mother, grandmother and great-grandmother. She was a great cook and a friend to many; dearly loved by all. She had a gentle and benevolent soul and always did her best to support everyone. She leaves behind a sister; Arlene Phillips; two daughters, Cathey and Deborah; two grandsons, Jeffrey (Jeanne) and Benjamin (Chisato); two great-grandchildren, Hayden Rex Pingrey and Iris Crabtree. I was saddened to read of Ginger's passing. She was a wonderful person, always enjoyable to visit with and a most gracious hostess at her home or at the business. I have fond memories of working with and being friends with her and Rex. She will be missed by many. I regret I won't be able to attend the service. My condolences to the entire family and especially to Deborah and Cathey.
