James, I will forever keep you in ny heart! You were the sweetiest person I knew and you always would lift me up when I felt down or sick. I wish I could have given you one last hug before you went home with Jesus. I know you are so happy to be back with your wife. You were a great employee to work with and were the best pharmacist. I loved you like a second dad and will never, ever forget your lovely smile. Fly high James until I see you again, I know you will be watching over us.

J.E. was a great friend of mine in high school and college. We roomed together as freshmen at OU and worked and roomed together as fraternity house kitchen crew and dining room servers. He loved good music and was the first to tell me about the Beatles, Roy Orbison, and others. He played his classical music records at bed time to help us slow down in our hectic lives. I will always remember J.E.'s great personality and love of life.
