I miss my sister, its been 3 years. She was my best friend a counselor that told me whatever happens in life don't ever let it stop my goals. She was my confidant, a blessing to me, a person with a purpose that loved life. She never let the negative hurt her she made her life her dream goal. She wasn't planning on leaving so soon, but for whatever reason she will continue to be an inspiration to me and I will never let the negative fail me. Sister I love you so much and when I miss you the most I buy flowers and place them on your gravesite in remembrance of your love for everyone. Love You !
