Aunt Betty was a great woman she was caring and loving and always there for her friends and family. When my grandma was dying she set with us and told stories and showed us love and compassion. When I would go visit her we would sit and talk about family and about life. She was there for me when ever I needed her I knew and called and talked to her about things going on in my life and she would give me advise. She never looked at me as her step-niece but as her niece. She was full of life and love and kindness. She will be truly missed. You will always be with us and your love will shine though us. You are loved and will be missed.
