I got to know John in the mid to late 70's. in the 90's we started working together at Tulsa Winch and later at Winches Inc. He taught me a lot about everything in business and in life. I don't think he would like it if I went on about all the good things, he would probably throw one of those quick witted one liners at me like he always had ready for anything you would say! he will be missed but thought about often. He was a friend!!Gary J.
