Michael "Mike" Ralph Hill

MAY 28, 1950 - MAY 3, 2015

Michael Ralph Hill, age 64 years old, passed from this life, May 3, 2015 in Tulsa, Oklahoma. Mike was born May 28, 1950 in Tulsa, Oklahoma. Mike was the second child to Lavern and Ralph Hill. Mike graduated Nathan Hale high school in 1968. Mike was a life-long electrician and was highly regarded as a master of his trade. He was born with unique gifts in applied mechanics and electrical engineering. He maintained a strong work ethic and took personal joy in project restorations and helping others. Mike's ability to make others laugh with his sense of humor was his trademark. He grew up with a special affinity for animals; he loved horses, fish, and birds of all types. Before his passing, he accepted Christ as his Lord and Savior and is now fishing alongside the Master Fisherman. Mike will be greatly missed, but his joy, humor, and spirit will be remembered. Mike is preceded in passing by his father Ralph Hill and survived by his mother Lavern Hill Seago, his son Daniel Hill, and brother Pat Hill. No visitation is planned. The Funeral Service will be held at 12:30 p.m., Friday, May 8, 2015 at Floral Haven Funeral Home Chapel. In lieu of flowers or gifts, the family asks that any donations be made to Clarehouse, 7617 S. Mingo Rd. Tulsa, Oklahoma 74133 <http://www.clarehouse.org>

Mike Hill was a force to be reckoned with, and walked around with the self assurance that God gives a pit bull. I first met Mike in 2004 and he helped me become a Journeyman Electrician. We spent the better part of a year driving to and from Grand Lake wiring a lake house for Chip McElroy. After a week we came to the agreement that he would drive up and I would drive back. I say we reached an agreement, because I refused to get in the truck after the first few times of him falling asleep at the wheel! Sometimes I would cut a corner too fast and he would jerk awake yelling about my lack of skill. I told him to shut up and go back to sleep, which he would laugh and promptly do just that. Mike taught me so much about electricity, especially about scrapping wire. He would always take charge of the process and made sure that everyone got an equal share, no matter what. He was one of the first people I told when I got my license. He told me now nobody can take that away from you. I'm sorry that we missed his funeral. I would have loved to tell him one more time how much he meant to me and my family. Mike you did a lot of good in this world. I hope you found that pile of gold in the mountains.

So sad to hear of Mike's passing. He was always so kind to me and my family. He helped us move in our first washer and dryer into our new home. He took the time to help my husband replace the electrical system in our new home and worked with him to surprise me with outdoor lighting while I was away on a trip. He didn't have to do any of that but he did. He was always kind to my children and taught my husband much about the electrical business. We will always remember him. Amanda

Laverne, We were so sorry to hear about Mike's passing. Wish there was more we could do. He is with God now. He has a new and healthy body. I know it is devastating for you to lose a son. God gave "HIS SON" for us and He will never leave you in the middle of a storm. Love, Carolyn and Edward
