Nanny you will truly be missed by Kamron and I. Most of all I will miss looking outside and there you are feeding Kamron through the fence when you knew it was almost dinner time. You always made sure you gave Kamron what ever he needed and wanted. I will always tell him how you said he was the little boy you never had. You were my best friend my mother and my grandmother. You were there for me when I needed a shoulder to cry on. You were there for me when no one else was. You believed in me when no one else did. You would always answer the phone for me even when it was in the middle of the night. You were the only person I ever trusted to talk to. We traveled together we lived together we did everything together. You were truly a blessing and God gave me the best grandmother in the whole world. You taught me so much as a little girl and even as an adult. I will always keep you close to my heart and keep your legacy alive. Thank you for all that you did and all that you will do. You are a blessing and you are my guardian angel. I will always look to the heavens and know that you will be there for me to talk to just like you were there for me when you was here on earth. Please kiss my daughter Melody and tell her that mommy loves her. Save me a place in heaven and know that I loved you and will never ever stop loving you. You are truly an angel now and I am so blessed to say that you gave me the best life that a person could ever want. I love you nanny. See you in heaven.

She was always the belle of the ball. Love to play Mexican Train dominos and she made the best chicken and dumplings. A true sports lover, Don Hill even got her liking golf on TV. Never a dull moment when she was around. She will be missed by many.
