For many, mother-in-law musing have a ring of reality. But, for me they don't, I had a perfect mother-in-law. For the past 40 years we had never had cross words. She was always there for any of us at any time of the day or night. My mother-in-law was an example and inspiration to me and to many in the family. She had much an impact in my life through her own life and with the love that she had for all of us. She was really passionate about her family. Much time was spent in nourishing and feeding her family, reading/playing with her grandchildren and in tending her gorgeous flower gardens. To say that she will be missed is an understatement. She loved and is loved.

My wonderful mother was always there to do whatever any of us kids needed: take us somewhere, patch a hole in our jeans, bake something for a school bake sale, what ever we needed. We couldn't have asked for a better Mom.
