Elizabeth Betts posted:

I remember how Mr. Tripicchio used to print up the weekly church bulletin for St. Pius and have copies made for the church on these long sheets of paper.... back in first grade I used to go to their house after school and play with Mike... very good memories

Joe Eastman posted:

Many things change over time, but I'll always remember playing around on the Pius field before someone would see that little car driving up with that big man, circling his fingers out above the car for us all to start running laps around the baseball fields to warm up for foot ball practice. Now is the time for good memories. Joe Eastman
