I remember growing up and spending many years at the Hayward's household. I especially remember how us girls were always getting trouble by doing silly things. I remember the work ethic in the home, and the fact that this amazing Man ran this household of great kids, to be productive members of society. I once got Carol a Fathers Day card to let him know how much he meant to me. Big thanks to you Carol and your amazing hard working wife for raising one of the best friends I will ever have in this life time. Thank you for being an example in my life! Big love to the whole family. Love, kids best friend, Shari Hogan Pettit

Dad, Thank you for all your hard work and teaching us all to be hard workers like yourself.. I know I've told you this many times, but want to tell you once again.. Thank you for staying married all these years. As I look at you and moms wedding picture I just want to say, it really was "all because two people fell in love".. Thank you for loving mom all these years and providing for your family. I will miss you so much!! P.S. I couldn't call to tell you we made it back home to Nebraska like I always did. I know you waited for that call every time, but some how I was sure you already knew we made it home safely this time, as I'm sure you lead the way for us. ?? Love you Dad!! your little kid..

Carol! I thank you so much for loving my sister and making her happy for so many years. I'm hoping the wonderful memories the two of you made will help to heal her broken heart. I will do what I can to keep her busy, and pray for her everyday that God will help her to make it through each day a head, and to help with the decisions she will have to make for her life to go on with out you. We all will miss you!! Love Cathy
