Andy restored my Dads 1934 V12 Packard. I went to St. Louis with my dad when I was 10 years old in 1963 and we drove the car back to Tulsa. Andy turned it into a 99.5 point masterpiece which became well known around the country. My dad and C.W. Hopper spent many days after work at Andys shop and I sometimes got to go on the weekend. He even came to a Classic Car Club show in Dallas to see the car being shown. He was a true master craftsman.

Thank You for sharing - I would love to see a picture of it! I grew up helping my Grandpa out in the shop working on some of the Coolest cars on the planet - I believe my Grandfather was a Country Boy Genius - lol

Ron, we were so sad to hear of your dad's passing. No matter how long we have our parents, we still will miss them when they are gone from us. May you find peace in knowing you will see him again.
