I remember handing you tools while you worked on things in the shop and I remember many more things we did I think the last memory I have before you got sick is when you took me for a ride in the corvette to go get a frosty from Wendy's. I wish you could've seen me grow up further than 9 years old, I miss you and can't wait to see you again soon and tell you the stories of my life and fun times I've had growing up.

Paul, I haven't worked with you in quite a while, but I will always remember the good times we had on dock 2A. I also remember you beating me at raquetball more than once. You are such a great guy and you will be sorely missed. Rest in peace, my friend.
