I first met Pat concerning the ark of the covenant. We had an instant friendship it felt like we knew each other for thousands of years. He was the truth seeker that changed the way I presented what I believe is the truth. Pat had firm beliefs but in his love for truth he shared the reasoning and evidence of other archaeologists, theologians and philosophers so all could continue in seeking truth. I remember helping him move from his home in Texas to Oklahoma. I always thought we would get in contact again and work together. We talked a few times on the phone when he was in Oklahoma and our fellowship was always encouraging focusing on truth. I just saw the obituary and would be glad to share what I see in Pat. He was a special person with life experiences and a purpose few have. My name is Robert Deming telephone 903-880-6070 Please call if you like to know more about your father, grandfather, friend or fellow truth seeker.
