Suzanne and family, you have my deepest sympathy. I had a lot of respect and appreciation for Ken. He was both kind and supportive when I was a new engineer, struggling with both lack of knowledge and self-confidence. I will always appreciate his help. You have my prayers for peace, strength, and comfort.

Kenny and I started and graduated from school together. We spent many nights at each others' houses. After high school, we went our separate ways but I often thought back to our youth and and the fun times we enjoyed. The last time I saw Kenny was at his mother's funeral. Please accept my condolences on the loss of Kenny, I know that he will be missed. Barry Zerangue
