I am so very sad that a dear friend that I grew up with passed. I have a lot of happy memories with her and her sister Vicki! I remember visiting with her in church and going to social events. Playing softball on the church ground and sitting on the logs talking and laughing in the summertime.. Also going to High School together on the bus. Visiting with her and her sister at their house. I always thought that their bedroom was so cool that it was above their parents garage. The last time I visited with Debra I gave her some yarns and crocheting hooks. She gave me a blanket, pumpkin and popsicles holder for my grand daughter. I thought that she was a better crocheting than me. I also crochet and I never could master her making a pumpkin. I still have problems to this day on it. She crochet blankets for the veterans and baby caps for infants. She was so kind hearted and will be missed very much .Here is a photo of Debra and I about two or three years ago. So here is two ladies but I see us as two teenagers. Rest In Peace my dear friend.Sincerely Margie Stokes Johnson

So sad to see that Debra has passed away. I worked with her for several years at American Roofing, Insulation and Windows in the 80's and learned to love her. We stayed in touch through Facebook these last several years. My condolences to Larry and the rest of her family. She spoke so lovingly of all of her family members.
