Jon, it was good to catch up the few opportunities we had this spring. We had some crazy times back in 8th grade through high school, playing pool, video games and basketball. Wish we had more time together.

So many memories I have over our long friendship. But you are more than a Friend, You were my Brother. You had a heart of gold and would do anything for anyone. Your corny jokes and your laugh will be missed.

You will be sorely missed bro. I didn't know you long, but I knew you enough to know we'd be lifelong gamer buds. We had just been planning your birthday trip the night this happened. Love and prayers for your family and I'll see ya when I get there bro! Save a shot and a tube for me at the River.

Almost 10 years ago to the date, this man left his house at 2 am and drove 20 miles to my apartment picked up my camera and brought it to me at the L&D department at Saint Francis, which made this picture and every picture I have of my Son, as a new born, possible. Jon was an amazing human and one of the best men I've had the pleasure to know. I love you Brother and I'm going to miss you.

I miss you dearly Jon. I'm going to miss hiding from you and listening to you call my name and hear all the doors open and shut and then to see your face when I tell you I've been sitting on the couch the whole time watching you run back and forth. I'm going to miss our conversations even the ones where we didn't even have to speak but our eyes held the conversations. I'm already missing your phone calls to let me know you're on your way home. I love you to the moon and back baby.
