My name is Nicholas Ryan medlin am the second to the oldest grandson to Nancy Ellen medlin I would love to share a couple memories I had with her I love her dearly and she loved me the only true person in my entire family other than my grandfather Phillip medlin that showed me direction and love grandma and papa taught me everything me and grandma used to sit and talk for hours about life and how to live it she showed me worth kindness and true love so that one day when I had a family I could do the same and there isn't a day I don't think of her she was always my happy place for today sat Aug 19th 2023 will be the day I no longer live in fear of anything nor will I ever do anything dishonest being able to share a little has reminded me of my worth and taught me to be great and apart of something big such as family is important and always live with love respect and kindness and we are a reflection of our ancestors that fought for a better way and our reflection should always come back in the same light try to be a better you tomorrow than you were the day before always remember your family stick close love is the key to life and family defines the meaning thank everyone for the support and carrying on her memory after my lovely grandma Nancy Ellen Medlin I love you grandma and miss you dearly

To the family of my dear niece, I'm praying for the God of all comfort to walk with you through this very difficult time. I realize you hear it over & over, but Nancy Prancy as I called her as a little girl is in a far better place. We'll all join her and the rest of the family one day for a grand reunion. Aunt Molly
