Hey daddy it's your daughter i finally got into an apartment and your grandsons name is Kayden Michael Spurlin we didn't settle on the Adonis it sounded ridiculous. I love you and miss you so much. David still really doesn't know how to handle you being gone. Stevanee doesn't either they take it really hard. I still can't hardly believe it. Sometimes I just want to call you but when I go to call you. All I do is break down and cry. I miss you so much daddy fly high with the angels okay. 😭❤️

You were taken much to soon and I can't believe you are gone my brother. You will forever be "Mikey" to me and I will cherish all the fun times we had together growing up and into our adult years. I hope you are rockin' the drums in heaven and giving them a good show. I am heart-broken and sad but I will celebrate your life with all the memories made and look forward to seeing you again one day.

Hey Daddy so we decided to name my son Kayden Michael Spurlin. I show him pictures of you and talk to him about you. He's going to grow up knowing that his pop pop loved him even though his momma was still pregnant with him at the time. bubba and sissy miss you all the time bubba sees you in his dreams and stevanee cries to herself about you. I miss you so much and i miss talking to everyday calling you to see how your doing. Me and Wayne are getting along just fine now sometimes but there still isn't a day where i don't think about you dad. Rest high up in the clouds with uncle Steve and uncle Michael. i just wish you were here right now so i could hug you and tell you good bye one last time. i just want to hear your voice one last time.
