Mom passed this past Sunday (of course) December 11, 2022 at 1:36pm from the natural cause of heart failure. She was 79 years old, married once to my Father for 56 years. Mom showed me the meaning of life...Love. I will do my best to carry on the message but she is a tough act to follow. We are celebrating my mom Harriette Marie Dobbs's graduation from this limited finite Earthly form to the infinite eternal joyful continuation of her beautiful spiritual existence. Until we meet again Mom the unconditional love you taught me will never fade just grow stronger day by day until we are reunited in the afterlife. The last year had been a struggle in and out of multiple healthcare facilities back and forth to the hospital taught me A LOT about true love, suffering, sacrifice, priorities and the cycle of the Saved mom several times extending her life until her body just gave out. At mom's last breath I was holding her hand with prayer to the Lord saying "Lord we commit my mother's spirit to you. It is finished. "It was beautiful, perfect and free of pain or suffering just a peaceful flatline to sleep exactly like I prayed to the Lord if His will for her final breath of human life on Earth. It was truly an honor and privilege to be there by my mom's side to transition her to the next life with true deep love as my mother brought me into this world with love. Love truly is the answer that makes the human race uniquely special beings. I thank my mother for the honor and privilege to share the beautiful existence on Earth and beyond. Brent Dobbs.
