I remember watching Lindsey and Kyle make sure pops had everything he needed including a place to live and cigarettes and always picking him up and including him in every family function even when he grumbled the whole time and would refuse to not smoke around the trips she would still go out of her way to make time for her dad. Im truly in awe of how loved and cared for he was even when he didn't want it!!! Love you Fisher girls and am so sorry for your loss, hope ya know pops is looking out for ya from above giving em hell up there , love you guys
