I met John in 1989 at UPS. He was a driver a couple of years before I was. He was one of the best coverage drivers west center had because of all the routes he had learned. Since I was new and didn't have any area knowledge, John would help me or anybody else with hard to find addresses. He would help anybody if he could. I worked with John for 32 years. Several of us drivers would get to work 30 minutes before start time. During these visits, John would talk about his family, daughters, grand kids, and football. Every chance he got, he would show off new pictures of his grand daughters. I give my sincere condolences to the Cremin family for this great loss. John was a heck of a guy and he will be missed.

I met John back in late 84 when I started working at UPS preload . John started as delivery driver a couple months before I did, and we worked Kellyville and Sapulpa routes for many years . He was not a big social guy around the the hub, but you get him one on one and he talk a lot about his daughters that he loved so much. Then came along grand kids who he was equally excited to show pictures of. My heart and prayers go out to the family and friends of my teamster brother and friend. He will be greatly missed.
