Condolences to Lloyd (Rita) and his Mom. While I never met my Nephew-In-Law, I know he was an awesome friend and even better Son. Finding out today that we shared a Zeta-Sigma bond as well. Lloyd, we love you and understand all to well the grief of losing a Son. God's blessing. Stacy & Family.

86thDJ I never met him in person. But always seem to be liked and a very good guy. Through Twitch he was always friendly and very happy. I would see him on streams when he was feeling it playing the drums or his trombone. I hate the world just lost another beautiful soul. Hopefully he can play his horn in heaven and they can travel in his beauty and his light. Blessings to his family! thedewd1 - Derrick

Dominick was one of my closest friends for 23 years. From the first time we met while working at Backyard Burgers, he became my big brother and I became his Sunshine. We shared many meals, lots of laughs and some tears along the way. I will never forget him, nor will I ever not miss him.~ Sunshine

Courtney (Barr) Evans lit a candle in honor of Dominick.

My brothers were in marching band with Dominick, and they became friends, so I saw him around a lot. He was always nice to me and liked to joke - we had a special banter when we saw each other. He had such a fun personality and was always open for a hug. My deepest condolences to his family and loved ones. Dom will be missed.

My heart goes out to Dominics family. It was my total pleasure to know him. My children are Courtney Barr Evans and Jason Barr. I live in Claremore and Jason had the boys coming out to our house. We enjoyed the kids coming out I knew they would be safe and believe me we had wall to wall beds and cars and trucks all over my yard. My husband at the time was much of a kid as the boys. Dominic is used to help me in the kitchen. He was a sweet man and I loved his company. We were used to this bunch and when they stopped coming out we moved to a smaller place. That house was full of laughter and had fun with all of them. Dominic asked me once if I needed any help in the kitchen I said no but it's almost ready to tell the guys come on and get a plate. He said he wanted to ask because that bunch didn't know how to help. I said no son that's ok. He said oh good then you don't mind if I call you mom? Everybody did. I said absolutely you were part of this family when you walked in the door. They were all safe and happy together . I didn't mind a bit they were all my boys for a short time. He was funny and a joy to have with us.
