Sandra and I were small girls together. Our Mothers grew up best friends. We spent summer time playing and running through the neighborhoods doing what kids do best! I'll always remember her character, even as a small girl she was very a nice person. She always included everyone, no matter the company that was around. One memory that I will always share with Sandra, our love for Patrick Swayze and Dirty Dancing. She introduced me to dance and music in a way I've never experienced and through it, I found that dance/music/singing are a major factor of joy in my life. I'll always be grateful for her kindness and enthusiasm!

My other sister. You had all the cool clothes, taught us about all the good music and ALWAYS were quick to remind us who the big sister was. Your passion for living life to the fullest was only matched by your unwavering love for your family. Forever in our hearts, Sandra D.

Sandra, God called you home too soon and words cannot express the great sadness we are experiencing without you. Our hearts ache without our "Sandra Dee." I am thankful for the 36 years I had with you on this Earth. You were the big sister, but we all know I always took that role on. You would always remind me and say "I'm the big sister." From all of the texts and calls we've received this past week, it's clear you have touched so many lives during your time on this Earth. To my free-spirited sister, I will miss you every second of every day, my beautiful guardian. I miss that little twinkle that used to light up your eyes, the sound of your voice, your dancing, your laughter, and your sighs. You were always our biggest cheerleader and Hunter loved you immensely. I promise to remind Hunter of you always and all of the memories. I love you more than words could ever describe and will miss you every day. God has you in his keeping and I have you forever in my heart. I promise to continue to live out your legacy through sharing stories, pictures and remembering all of our memories together. We will hold you close to our hearts. I love you forever, my sweet butterfly. "The best and most beautiful things in the world cannot be seen or even touched, they must be felt with the heart."

My heart goes out to the family and friends of Sandra Caudle. Obviously, there's an empty spot left in the hearts of those that loved her dearly. I'm so glad that she was able to go on vacation with her family the week or so before to Texas Motor Speedway. From what I hear, they always loved doing this every year! May God bring Fred, Kim, Jennifer, Travis and Hunter peace and comfort during this difficult time.

You made me the luckiest guy in the world for 5 years. I don't know how to do this without you but I'm trying because that's what you would want. Her beautiful spirit and passion for life were truly infectious and she always had a special way of uplifting everyone around her.
