Gary Wayne Hughes

NOV 22, 1948 - FEB 28, 2025

Gary Wayne Hughes, "Uncle Gary", passed away at his home in Owasso, Oklahoma on February 28th, 2025, after a long battle with Multiple Sclerosis. He was 76 years old. Gary was born on November 22nd, 1948, in Dixon, Missouri to parents Roy Franklin Hughes and Lois Dean (Pendleton) Hughes.

He married the love of his life, Mary Lee (Longacre) Hughes on October 20, 1978, in Tulsa, Oklahoma. Gary graduated from Will Rogers High School in 1966 and from the University of Tulsa with a Bachelor's of Science degree in aerospace engineering. Gary worked for Maloney Crawford and Matrix Service, Inc, as a design engineer. He designed welded steel tanks used to store petroleum products. Gary was an avid sports fan and enjoyed watching football, hockey, baseball, and soccer.

He had a passion for card games and loved playing Rummy and Uno with his father and sons. This gave rise to the legendary moniker for Roy, POG, which stood for "Poor Old Grandpa", a phrase muttered whenever one of the boys managed to best the patriarch in a card game. He was also the consummate do-it-yourselfer, known for his unexpected and often comical results. Once, he replaced a radio in the family car, which went pretty well until the sun set that day, for when he went to turn on the headlights, they did not illuminate but the windshield wipers sprang into action! Another time he was installing a new attic fan and, unfortunately, it found a direct path from the attic in between the joists, through the ceiling, and into the living room floor. Eat your heart out, Clark W. Griswold! Then there was the time he was digging out a fish pond and, like a gold miner in 19th century California, he screamed out "Eureka!" as his shovel struck a buried telecommunications line. This occurred way before cell phones were invented, so we went several days without phone service.

Gary was preceded in death by his parents Roy and Lois. He is survived by his wife of 46 years, Mary, his son Jeff Hughes and grandsons Tyler and Hudson Hughes of Phoenix, AZ, his son Scott Hughes and daughter-in-law Beth Hughes and grandchildren Will, Mia, and Tia Hughes of Owasso, OK.

With profound sorrow, I reflect on Gary's passing. The memory of our first meeting 22 years ago at IHOP, when I had just joined Matrix, remains vivid. Over breakfast, Gary generously shared his vast experience and described to me Matrix's functioning. I often sought his wisdom as the product line was new to me. He was gracious and always had time when I had a question. He will pull up an engineering bulletin or a cut sheet that formed the history for the product line and provide guidance. We would sometimes go out for lunches together at the Ute Street office. They were cherished moments filled with engaging conversations. Gary was a private and reserved individual, who only opened up once he knew you well. Yet, beneath his quiet demeanor lay a wicked sense of humor, and our banter brought much joy. His guidance on investments, given his seniority, was invaluable to me. Gary's battle with MS inspired my participation in the MS 150 ride for the past 14 years, raising funds for MS research. I rode for Gary and will continue to do so in his honor, as long as I am able.
