“ Bev was such a bright spot in the call center, she was my "Quacker" friend as we both loved "Quacker Factory" and always had to share our latest purchases. We liked the same clothes so we always compared and complimented each other. She so reminded me of my niece that was the same age. I loved her smile, her humor and her style. She will be missed by everyone whose life she touched. A very bright light has gone out. Bev, rest in peace. I love you.

“ Beverly we have known each other since we were around five years old. You were so beautiful and like I use to say to you...you have baby butt skin. I never seen on flaw on your face. Your sweet beautiful smile could light up a room. You are going to be missed by many. I pray God's Blessings will be with your children and family and they will remember all the wonderful times with you. You are a dear lady that was loved by many. In the presence of our Lord! “ Beverly was very intuitive, she would see the abilities in you and compliment and encourage you in those abilities and talents. She was a precious.gentle soul. I will miss her.

“ I worked with Beverly at AT&T. She was one of my first managers. I have so many fond memories of her such as Big Hair she always said it was a must and it could never be too big. She and I would laugh at seeing her desk full of lipsticks, as well as hearing about her late night QVC shopping sprees. She would brag and brag about her grandbabies and the times she got to go spend time with them. The world and work place was a much brighter place with her. She will be deeply missed and my heart goes out to her family.
