“ Rest In Peace, Brenda. I may have only worked at Alorica for 7 weeks, but you made such an impact on myself and the others in our training class. You will be sorely missed.

“ RIP Brenda. You were one of my 2 very best friends all the way back to 7th grade. You were always willing to lend a helping hand or talk when I needed it. Such a very special person that I will forever miss dearly!

“ You were rare. You were kind – Always. You cared. You made an impact on so many and I do not think you understand the impact of your acceptance of all and genuine care for other human beings that you made. The impact continues on, you still have changed peoples lives for the better. You are missed. You are loved. You still impact our lives. This year I have lost many and you were one I just didn't understand. Why God, do the kindest of souls get taken from us? After thinking over this more and more this past week I realize, you must need Brenda in your world too. How many more people can she impact by looking down on us and guiding us. Kyle and Tiffany, Eddie as well, I can not imagine the loss you must feel. Getting the opportunity to have her in a much closer relationship. I pray for you and the other family members I didn't have the privilege of meeting or knowing. May she rest in peace and may you all carry on as she would want you to. She loved you all so much – you were all she spoke of, you made her proud. God rest her soul.
