“ My Aunt Clea was always that happy, easy spirit, kind and even, she wouldn't get down in the dirt with people but she would give you her opinion in her own way. She chuckled alot and just made it through in her own easy way. I always found her relaxing and enjoyable to be around, never offense, what a graceful way she traveled through this world. My mother enjoyed her even-tempered older sister, and was so touched when after my dad died she opened a brithday card in February 2002 and a generous check fell out. Clea's way: quietly but nicely, here's some help for you Helen. People like her are so rare, I am glad that not only did I know one but she was related to me. That and there was the time she ran across my mothers front yard to go to the back door and my son saw her and was so impressed, a grandma person who could run at a full trot!!! Wow!!! What a lady.

“ Precious, gentle Clea! I only knew her briefly and that through Gary. I enjoyed Clea when I would be around her and I always appreciated her mother's heart toward Gary and how she loved him and prayed for him. She will be missed, but heaven rejoices to have her home!

“ Dear Clea, Being in Gary's life put you in my life, I'm so thankful you were there for both of us, to listen, to advise, to be there in body then in spirit. Congratulations on graduating to that home we all long for.....to say we miss you is an understatement but knowing we will see you soon....priceless
