“ From the first time we met your family, riding bikes down our street, you have had a special place in our hearts. Thank you for the years of friendship.

“ He was a fantastic man, full of life and a BIG heart!! He was always helping others, anyway he could. He was always a big tinker, as we called him...He always had projects to do, to keep himself busy, so he was always outside or in the garage doing something to keep busy!! I remember me and my brother being 2 of his biggest helpers. with whatever he needed...If we were over visiting and he was going to go to the store, I always went with him...I remember even riding bikes to the school with him and my cousins to play on the playground there...I sure do miss him, he will never be forgotten.

“ I thought if we lived long enough we would have opportunity to get to know each other better and enjoy talking about the families and our paths through life. I'm sad we didn't get to do that. I'm grateful Dianne had a happy life and that Dennis was a big part of that. We'll miss you.
