“ My aunt was always a fun loving person. She enjoyed telling jokes and many times would get more tickled telling her stories. I remembered going shopping together and trying on silly looking hats and having a big time. We would fish together and it really didn't matter if we caught anything. She was a good person and if you needed help, she was right there to help...whether it was a phone call or bringing food to someone. I love you Aunt Dot. You will be missed.
