“ Glenn was the groomsman in my wedding. We first got acquainted in the Singles Sunday school class at First Baptist Church in Tulsa, Oklahoma. If you are reading this, please contact any of his relatives, and share my condolences with them. I just saw this obituary today, I had no idea he died in 2018. One of the things that Glenn & I did so often together was play a game called Star Fleet Battles. We both had small metal or plastic replicas of starships of the United Federation of Planets (USS Enterprise, etc.), the Klingons, the Romulans, the Gorns, the Tholians, the Hydrans, the Kzintis, the Lyrans, the Orions, the WYNs, the Interstellar Concordium, and the Andromedans. On Friday nights we would play Star Fleet Battles until early in the morning on Saturday. I can only imagine what happened to all of his starships. Unfortunately I wasn't able to attend his wedding in New Jersey because I had just started a new job. “ Dear Aunt Mary, Carol, Samantha and Vicky, We are so sorry for your loss. Our thoughts and prayers have been with you and will continue to be with you. I have a lot of good memories spending time with Glenn while at the farm. Many times I could find him up in one of the trees across the lane from the house. Glenn could tell me facts about dinosaurs and space that I never knew anyone would know. Glenn will be missed. Our deepest sympathy to you. Love, Donna and family
