“ Oh I remember so well June playing basket ball, and was so lively. I will always have fond memories of her, and sisters. Thinking of all of you. Urbia Dean (Brown) Earls

“ It's so hard to believe that I won't see you again. It seems like yesterday when we were key punching at the County. We did our work, but when lunch time came we couldn't wait to play Digger. I will miss not being able to call you and hash out the world's problems. Remember when we were on the phone & we both felt our first earthquake? You helped me thru some rough times in my life and I don't think I ever let you know how much I appreciated and cared about you. I hope you are around to enjoy all the good thoughts your friends and family are having now. Then proceed to see your loved ones that have gone before you. I really believe that this is but one life of many that we are granted. If not, what's the point? So I'll be looking for you down the road. Maybe next time we will be sisters...haha. Jerry and I always talk about our friend June. We three have a lot of history together. Maybe God will allow us time together again. All my love forever....Freda
