“ Dear Troy & Glenda, Your loved one was one of my first customers when I started selling Avon in 1969. She was always gracious to me. In warm weather she always had a rose or 2 on the coffee table. And the little dog loved me and wanted to play but she was always afraid he was a nuisance. Not so, for one dog knows another one. I was pleased to call her a friend all these years. I pray that God will strengthen both of you and fill the vacancy in your heart with His pure love. Her service was very nice and everyone talked about how beautiful she looked. Love, Carol Sue
