“ To June, my sisterâ??I prefer –lâ??Il be seeing you later rather than goodbye. You have been a part of me for all of my 75 plus years and will remain a part of me for the number of years I have left on this earth. You will remain in my heart and thoughts just as have Mama and Daddy and our sister Margaret; we remain a part of that family unit which created the beings we were and the beings we became. The blood that flows through my veins and every beat of my heart is connected to the essence of that unit. I mourn more for me and your loved ones who remain behindâ??I rejoice for you. You are with those who love you through the eternity of the human soul. I could not have wished for better parents or siblings than those I was lucky enough to have. I am sure the love of your life, Bill, met you and guided you out of the darkness and pain into the light of love. Let your spirit rejoice, run with the wind, dance to the music and sing with the Angels. I will always love you, your sister, Genni Sue

“ I'm so sorry that I didn't have the chance to ever meet June or Bill. I work with their daughter Brenda & she always talked about her parents devotion. It was so inspiring and I can only imagine their reunion in heaven! Linda Pawlik-Daniel
