“ I had the honor to know Kathy at our workplace in 1996. She was a vibrant and beautiful light in all our lives. Even though we went separate ways we remained friends through Facebook. I know we will see Kathy's beautiful face and smile again so for now I pray for comfort and peace for her dear family. Heaven has a new Angel. Glenda Preece

“ I had the pleasure of working with Kathy at Reasors. I always looked forward to seeing her smiling face because it would light up the room and take away any clouds that may have been hanging over my head that day. There came a time when a personal thing happened to me and Kathy was right there to help me through it. I don't think I have cried so much losing a friend as I did when I found out that Kathy had passed away. Our loss is Heaven's gain. Knowing that I will see her again makes her passing easier. So I won't say good bye instead Until we meet again my dear friend. Sincerely Mary Damm
