

Patricia Sue White

July 28, 1959 - August 10, 2010

Patricia (Patty) Sue White of Tulsa, Oklahoma left us here on earth on Tuesday August 10, 2010 after a long series of medical problems. Patty was born on July 28th 1959 in Spokane, Washington and since her father was in the military she got the pleasure to live in several places around the world before the family finally settled in Tulsa when she was eight years old. She grew to start her own family at the age of twenty-one and was blessed to have three children who went on to give her eight grandchildren at the time of her passing. There wasn't anything Patty loved more than her grandchildren and she could usually find a way to play with them no matter how bad her health had gotten. Everyone who knew Patty knew how much she loved and looked up to her mother. Patty's stepfather was a truck driver which helped develop her love to travel and collecting little keepsakes from every place she visited. She also loved country music, either dancing to it or going to any country concert she could get a ticket to. Patty was a member of both the Tulsa Moose Lodge 1222 and Plainview Baptist Church. In Patty's passing she has joined her mother Virginia Hackett, her father Charles Vanmeter, her stepfather Neil Englett, and her big sister Charlene Hopkins. She is survived by her three children and their spouses Tim White & Trish Hill, April & Jeff Berry, and Samantha White & Kipp Clodfelter; Her grandchildren Chase Hill, Jakob Black, Charlene Berry, Wesley Funk, Serenity Eckstein, Evan Eckstein, Coltyn Berry, Timmy White III and a Berry baby boy on the way. She is also survived by her sisters and their spouses Lynn Freeman & Karen Perryman, Tammy West, Sandy & Tom Ferguson, Cindy & Kurt Mathena, Wendy & Billy Jo Wenzel, Molly Vanmeter, Jana Vanmeter, and Leslie Vanmeter.

“ Remember I Love You... I Love You I love the person you made me become You gave me life and guarded me from evil eyes You taught me how to stand up And caught me when I fell down If I gave up you made me try again Til I got it right You were there in the beginning To let me know no harm would come I always felt safe with you insight I will remember the times we were together And how we got along We would dream together and imagine a perfect home I have never realized all the things you have done for me Because you cared You gave me choices to rise or fall Either way you were there You were there through the rough times in my life When I didn't know how to deal with all the pain You were there through the best times Guiding me all the way I didn't realize how much you would be missed Without seeing your wonderful face As I sit here looking at your picture crying With a heart so full of pain Remember no matter how far away I am I will still remember you and your love Even in the darkest night You'll always be thought of I love you Your such an important part of my life Its hard to convey The depth of my love Its difficult to express The changes you have made in my life And the meaning you've added to my life I feel in heart, spirit, and soul You understand every word and whisper that I say And believe you will be with me everyday Remember I love you And that my mind, my body, and my senses are full of you And know without words You are the part of me I treasure most I love you Mom... Til the day we meet again Rest in Peace! Love Always Your Daughter April

“ We hadn't seen Patty since her health started to decline so I will always remember her a lively and always laughing. I can see her, Virginia and Charlene living it up together in heaven and that brings me joy rather than sorrow at her passing. We all know she is in a much better place now and no longer in pain. Love you always Patti.

“ I remember how Patty loved to go dancing, now she, Virginia and Charlie are all together. I can hear the country music playing with these girls having a good time getting everybody going.

“ Safely Home I am home in Heaven, dear ones; Oh, so happy and so bright! There is perfect joy and beauty In this everlasting light All the pain and grief is over, Every restless tossing passed; I am now at peace forever, Safely home in Heaven at last. Did you wonder I so calmly Trod the valley of the shade? Oh! but Jesus' love illumined Every dark and fearful glade. And He came Himself to meet me In that way so hard to tread; And with Jesus' arm to lean on, Could I have one doubt or dread? Then you must not grieve so sorely, For I love you dearly still: Try to look beyond earth's shadows, Pray to trust our Father's Will. There is work still waiting for you So you must not idly stand; Do it now, while life remaineth- You shall rest in Jesus' land. When that work is all completeed, He will gently call you Home; Oh, the rapture of that meeting, Oh, the joy to see you come! We miss you and will always love you!

“ Life as a big sis started for me when Patty was little, just months old. Her life of illness started when she was 9 months old. She had a surgery that caused her to have diabetes. I was the oldest, and the big sister I had to help with her diabetes. Always trying to make her pee, even if she didn't have to, to test her sugar. That's why we called her the year one, it took her forever to go almost a year, it seemed like it any way. Then I would give her, her insulin shots everyday before school and at bed time. Patty did love to travel ,my first trip with her was when we went to Okinawa Japan, and we were in flight and she had a reaction and a nice Air Force man helped momma get some food down her to bring her out of it. Patty would go with momma and her step dad a many a mile on the road-she even had a CB-Handle super skirt, her and truckers special, lucky lollypop, Winnie the pooh would talk to all the truckers going down the road. And we all did little skits. Her favorite, which she did well ,was Harper valley PTA. Patty loved games her favorite was Barbie's, Wahoo, cards and monopoly. Of course she always would win. Her mantra was (no cheating I'll tell momma.) When patty started her family she was pregnant the same time I was. We had whopping big boys Timmy 9-16 mine 10-14. She got to come and live at the farm a short time and experience farm life, she just had her 2 baby April. It was rough, but she tufted it out. Then moved back to Tulsa. Country music was her all time high, many of her favorites were, Alan Jackson, George Strait and Willie nelson. I f you said dancing she was ready, with her cowboy shirt, and cowboys boots on, out the door every chance she got. One of the most amazing things of recent, was she was a Moose Lodge Member, and every wed night she would play pool, almost blind from diabetes, she would win her tournaments. Patty was our communicator, if you needed an address for a Christmas card or a phone number to call a friend, or relative, Patty would have it at hand. She would make regular calls to everyone just to check on you. Patty was also a collector of all sorts of things Angles, games ,bells, Barbie's, and all of the Barbie accessories which she passed down to her girls and grand kids, they will cherish them for ever. But most of all Patty was a wonderful Mother, and the best Grandma ever, she loved her Grandbabys, they were the world to her,They kept her young and going even when she couldn't. Patty was also a christen,she loved God and knew Jesus was her Savor .Many of the church members helped patty out often,mowing the yard, taking her to the store and to church. Bro. Winston built her a ramp on her front pourch when she broke her foot. Patty loved life, every moment. She could make you smile and laugh in the hardest of times. And call to say lets go I am ready. Now she's with our mother and dads and sister in heaven looking down on us smiling, and praising how proud she is of her children and family. We will miss you ,and I look forward to seeing you again. Your big sis Lynn

“Patty, Love you, and will miss you right up til I join you. your bright smile and love for life will always be with me. I know your life wasn't an easy one but most people would never know it. The joy you got from being around your children and grandchildren shined in your face. Our lives lost a little bit of the light when you left us to join our heavenly Father. Rest in Peace sister, and I will see you beautiful smile again, in Gods good time.
